## Principal's Message

We have had a busy and fantastic few weeks. All students who attended our athletics carnival made us all proud with how hard they tried in each event as well as displaying excellent sportsmanship.

We are excited to share our learning with our parents on Friday afternoon. All parents and caregivers are invited between 2pm-3pm to visit our classrooms, enjoy afternoon tea and collect student reports. Please sign in via the QR code on arrival.

Our positive playground project has been going gangbusters! It has been wonderful to see students inventing games, sharing resources and sorting out issues together in a positive manner.

This Friday we farewell Miss Ellen Green. She has been offered a full time job in Bega and is moving on. Miss Green has been a wonderful addition to our Bowning community and we wish her well.

## Online Payments

You can now make online payments for excursions, voluntary school contributions and much more, through our school website. It is as simple as going to:

[www.bowning-p.school.nsw.gov.au](http://www.bowning-p.school.nsw.gov.au) and select payments at the top of the home page.

# School Attendance

With the colder months approaching we know that children may get sick.

It is important to keep them home when sick and just as important to make sure they are at school for all other days so they are not missing vital learning. Just 5 days a term adds up to **over a year of school missed** by the time they leave school.

If a student is a close-contact and symptom free they can attend school if they test negative. The school has spare RATs if you run out.

Please also remember to send in a note with an explanation of any absence.

## Why attendance matters

When your child misses school they miss important opportunities to...

Learn      Make friends      Build skills through fun

## Days missed = years lost

A day here and there doesn't seem like much, but...

When your child misses just...	they miss weeks per year	and years over their school life
<b>1</b> day per fortnight 	<b>4</b> weeks 	Over <b>1</b> year missed
<b>1</b> day per week 	<b>8</b> weeks 	Over <b>2.5</b> years missed

# Around the school

It has been all about the data this week in our classroom! The students have been enjoying sorting, organising, gathering and interpreting data. We have investigated the most popular colours in a smartie box. We have surveyed our class mates to find out data on their favourite chip flavour. We have even also tipped out our lego collections to organise and gather data. We have learnt how to construct bar charts/ column graphs and picture graphs. There has been lots of fun and learning.

We have also been working hard on nouns and adjectives and we talked about how the adjective “upgrades” our noun to paint a better picture for our reader. We are now looking at verbs and how adverbs tell our reader, how, where or why the verb is happening.

### Health Harold Visit

What a wonderful day we had on Friday when Kyle and Health Harold visited our school. The students learnt about their internal body parts and how different foods fuelled their bodies. Then depending on their year level students also learnt about cyber safety or how and why their bodies change and how hormones can affect us.

MARAWUY  
JOURNEYS

This is a CWA Yass activity, organised for members as part of the celebration of the 100 years Anniversary of the CWA in New South Wales. Non-members of the CWA interested in the activity are very welcome to attend.

Relax into the weekend with a morning of creating your Journey in a piece of art.

In this 3hour workshop, you will join Sarah Richardson, a contemporary Aboriginal artist, as she shares her journey of healing and the important part painting has and continues to play in her life's journey.

The materials to explore your journey in paint will be provided.

### MEDIA RELEASE

31.05.2022

#### **Changes to Business and Industrial zones placed on public exhibition**

The Department of Planning and Environment is currently exhibiting the translation of existing Business and Industrial zones into new Employment zones.

The exhibition is being held on the department's Planning Portal for six weeks, from **31 May 2022 to 12 July 2022**.

This is the implementation stage of a reform that replaces Business and Industrial zones with Employment zones within individual local environmental plans across NSW.

Implementation follows the introduction of the Employment zones within the Standard Instrument (Local Environmental Plans) Order 2006 in December 2021, which Yass Valley Council noted at its April meeting.

Council has worked closely with the department to ensure the Yass Valley LEP 2013 is amended and consistent with the intent of the reform, while also ensuring the land use planning outcomes are locally appropriate.

After the exhibition, Council will work with the department to finalise implementation ahead of the new zones coming into force on 1 December 2022.

To view the detail of the exhibition and make a submission, please visit the department's [Planning Portal](#) and [Employment Zones Reform](#) webpage for general information on the reform process.

If you have any questions, please contact the Department of Planning and Environment on **1300 420 596** or by email at [employment.zones@planning.nsw.gov.au](mailto:employment.zones@planning.nsw.gov.au)
